## COMMITTEE ON SCIENCE AND ASTRONAUTICS

HOUSE OF REPRESENTATIVES

WASHINGTON, D. C.

August 26, 1959

CHARLES F. DUCANDER  
 EXECUTIVE DIRECTOR AND  
 CHIEF COUNSEL

DR. CHARLES S. SHELTON  
 TECHNICAL DIRECTOR

SPENCER M. BERSFORD  
 SPECIAL COUNSEL

PHILIP S. YEAGER  
 SPECIAL CONSULTANT

Dr. Allen W. Dulles, Director  
 Central Intelligence Agency  
 Washington 25, D. C.

Dear Dr. Dulles:

I am transmitting herewith a copy of a resolution approved by this committee on August 26, 1959, which requests the National Science Foundation to make a special review of the nation's scientific manpower picture and report its findings and recommendations back to the Congress by the first of next year.

I am also enclosing a copy of the report which accompanies this resolution and which will indicate the reasons for it.

You will note that the resolution requests the Foundation to consult with your organization in the course of making this study. It is my thought that by sending you this notice you will be able to refer it to the proper agency within your department forthwith and thus help to expedite and make easier the Foundation's task.

Sincerely yours,

Overton Brooks, M. C.  
 Chairman
